Mr. Brad Bradley
Remedial Project Manager
U. S. Environmental Protection Agency
230 South Dearborn Street
Chicago, Illinois 60604

Dear Brad:

Re: Second Work Plan Supplement
Manville Remediation Area
Waukegan, Illinois

We have confirmed with Manville their acceptance of the USEPA requested changes to the Second Work Plan Supplement that you conveyed to me by telephone yesterday. Specifically, these changes were:

- i) Page 1 - deletion of the first paragraph in its entirety;
- ii) Page 1 - delete "Consent Decree" from the third line of the third paragraph;
- iii) Page 7 - in the fourth line of the first full paragraph, change "Seepage Basin" to "Settling Basin".

We have made the required changes to the document and have enclosed for your files the two revised pages. We understand that you will prepare an approval letter for the Second Work Plan Supplement which will be sent to Manville on Friday, August 3. As we discussed yesterday, you will confirm the availability of the USEPA Site representative to oversee work completed under the Second Work Plan Supplement. As I conveyed to you yesterday, Manville anticipates Site work to commence during the week of August 6, assuming, of course, that the approval letter is received from you.
